Scope & Content

This collection is a collection of family letters written to and from AW Black and other family members and also of advertising from Springfield area businesses, with a section of postcards of Springfield. The letters are divided by author and put into chronological order according to the date of the letter. The advertising is mainly calendars, almanacs, and trade cards. These are arranged alphabetically. The postcards are arranged according to their subject (including Springfield schools, Snyder Park, Wittenberg University, etc.)

Series 1 is the family’s personal correspondence during the Civil War. The letters are arranged alphabetically according to author and chronologically according to the date of the letter. This is a collection of original letters (with no transcripts) with both sides of the letter present. Some of the letters are illegible due to the penmanship of the author. The letters depict what life was like during the Civil War, both on the part of the soldier and the soldier’s family’s point of view. There are 224 files in Series 1.

Series 2 is advertising. This series is arranged alphabetically. There are 142 files in Series 2, including information about Springfield Public Schools.

Series 3 is the CCHS publications and Farm & Fireside Library. There are 20 files in this Series including a diary (Joseph Keifer) and information about Clark County’s history.

Series 4 is Springfield History. The series includes books, maps, and city directories. There are 30 files in Series 4.

Series 5 is postcards. These postcards include ones of Snyder Park, city schools, Wittenberg, and other views of Springfield. There are 47 files in this series.

Series 6 is made up of books and periodicals. The newspapers are stored with the periodicals section. There are 2 sets of 9 books that show photographs of Springfield in 2 different years (1889 and 1927). There are 26 files in this series.

Series 7 is voting material from the years 1806 to 1810. This material includes poll books and an election contestation in the year 1808. The files in this collection, with the exception of the first file, are originals. There are 7 files in this series.
