Small Collections Category

A. B. Graham Collection

Processed by: John Hays, volunteer Summer 2005

Introduction

The contents of this collection range from Graham as a young boy at age 11 through his death in 1960.

The collection fills 9 Hollinger boxes and 1 oversize box and a total of 250 file folders. There are 2 boxes of photographs housed in the Photograph Category. The collection is divided into 8 series, as follows:

Series 1: Biographical Information

Series 2: Early School Reports for Springfield Township

Series 3: Writings by Graham

Series 4: The 4-H Club

Series 5: Letters concerning Graham's departure from Ohio State U.

Series 6: Other Correspondence

Series 7: Miscellaneous Series 8: Photographs

There are no restrictions on the use of this collection.

Biography

Albert Belmont Graham (1868-1960) was born in a frame two-story farmhouse just east of the Miami-Champaign County line. After the death of his father in a devastating fire that occurred when Graham was 11 years old, the rest of the family moved into the Lena-Conover Community. Graham attended the local school and received his Miami county teaching certificate in 1885. He and Maud Keyte Lauer were married August 14, 1890 and together they had 5 children, one of whom died in infancy.

In 1900 the family moved to Clark County, Springfield Township where Graham became Superintendent of county schools. In 1902 he founded the Boys and Girls Agricultural Club, the forerunner of the 4-H Club.

Graham remained in Clark County only 5 years. The Ohio State University's College of Agriculture offered him a position as its first agricultural extension superintendent in 1905. He remained at the university until 1915 when he left for New York State School of Agriculture, Farmingdale, Long Island. His tenure there was brief.

From 1916 to his retirement in 1932, Graham worked with the U. S. Department of Agriculture in Washington, D. C., visiting all 48 states and promoting cooperative extension services. Upon retirement, Graham moved back to Columbus, Ohio where he maintained an active correspondence with all of the former contacts he had made in education, the extension service, and through the 4-H.

Scope and Content

This collection is not complete by any means since Graham was in Clark County for about 5 years. There are large gaps in time such as his tenure at Ohio State University, although there is correspondence about his leaving the university. There is also limited information concerning his employment with the U. S. Department of Agriculture.

The information in Series 1 consists of articles, a map Graham drew at the age of 11, a sketchbook and autograph book, diaries from 1900-1904, awards and honors, writings concerning Graham, especially after his death in 1960.

Series 2 contains his superintendent reports from Springfield Township schools, 1900-1904. The reports are a standard form, but they also include Graham's comments on his goals and recommended improvements.

Series 3 are letters and articles written by Graham. The topics range from his thoughts on the founding and philosophy governing 4-H to comments on education, historical articles, and several published articles.

Series 4 concerns 4-H- anniversary celebrations and commemorative stamps, projects, proclamations, and articles.

Series 5 is small, containing only 5 folders, all of which concern his departure from Ohio State University.

Family correspondence, letters from former students, Boys and Girls Agricultural Club correspondence from students to Graham, and various letters to Graham comprise Series 6.

Series 7 has 1 file folder with a biography of Norton Strange Townsend. How it fits into the rest of the collection is unclear.

Series 8 consists of photographs. Files 1-6 are biographical; files 7-10 are township; files 11-23 are 4-H; files 25-56 are Graham's honors. The bulk of the photographs are black and white; there are very few color photographs.

Box and Folder Listing
