

## **Photographic Category Springfield 1991 Calendar Collection**

**Note:**

In 1990 2 amateur photographers; Joan Nelson and Karen Adams, set out to make a black and white photo calendar of Springfield. It was published in 1991. The plan was to sell enough to pay their printing bill, but that did not happen, so no other calendars were made.

Enclosed with both the original calendars and a newspaper article talking about the calendars are some of the original photographs taken and printed by Nelson and Adams.
